

# MY SPORTS PICKS FAQ

## I opened the application, what do I do now?

The application opens to either the “New Pick” or “My Picks” screen. In most cases, it will open to the “New Pick” screen unless you have a pending pick.

“New Pick” allow you to create or place a new pick. Tap a game then tap the team you wish to pick. The Lines and Odds will update and justify under the picked team. Select the type for the pick (IE Line, Money Line or Over/Under). Select the amount for the pick. Tap to change either the line or the odds manually.

Tap “Save” to save the pick. My Sports Picks then tracks the game and pick in real-time.

## How does My Sports Picks Football calculate “Weekly Profit”?

A “football week” in both NFL and NCAA football starts on Tuesdays at 6am EST and ends on the following Tuesday at 5:59am EST. It takes all the completed games for the football week, sums the winning pick amounts then subtracts the losing pick amounts.

## What are “Pending Picks”?

The sum of the amounts for picks on uncompleted games.

## How do I know if I am winning or losing a pick?

Winning picks show the payout in green. Losing picks show the payout in red.

## Can I have multiple profiles/accounts?

Yes! Multiple logins are available after purchasing My Sports Picks.

Close the application (if it is open) by tapping “More” then “Exit”. Open the application and select “Create New Account”. Multiple profiles/accounts allow you to setup different profiles for different pools or betting circles.

## How does My Sports Picks Baseball calculate “Daily Profit”?

A “baseball day” starts at 6am EST and ends the next calendar day at 5:59am EST. It takes all the completed games for the baseball day, sums the winning pick amounts and subtracts the losing pick amounts.

## How does My Sports Picks calculate “Season Profit”?

It takes all the completed games for the current season, sums the winning pick amounts and subtracts the losing pick amounts.

## How do I see my picks from previous days or weeks?

Picks from previous days or weeks are in reports. Tap reports to open them.

## What if the pick is a push?

If the pick pushes, the payout shows as zero “0” in yellow.

# MY SPORTS PICKS FAQ

## How often are the scores updated?

Scores refresh automatically every 30 seconds. Tap the refresh button (top-right) to refresh the score manually. Each score has the time stamp of the last refresh in the top-right of the screen.

## Can I email picks to friends?

Not yet! We hope to have this feature soon.

## Where do the scores, lines and odds come from?

We use SportsDirect for the scores and lines. We use Pinnacle for the odds.

## How do I change the day or week of the games I want to pick?

Tap the down arrow at the top of the screen. This opens a wheel picker to narrow your search. Choose the day (baseball) or week (football). NFL is broken down by week, NCAA football is broken down by week and conference.

## How do I choose the type of pick?

Tap the type from the list of available pick types.

## How do I set the amount of the pick?

After selecting the pick type, choose the amount for the pick from the money wheel that appears.

## How do I know what type of pick it is?

The pick type is on the right side of the screen. For example, if you took the over at 8.5 in an Over/Under pick it shows as O/U:  $\Delta 8.5$ . The up arrow shows you picked the over.

## How do I know what type of pick it is?

The pick type is on the right side of the screen. For example, if you took the over at 8.5 in an Over/Under pick it shows as O/U:  $\Delta 8.5$ . The up arrow shows you picked the over.

## How soon can I see the odds on a game?

Pinnacle (our odds provider) usually makes the odds available for a game by 12:45 pm PST the day before the game begins.

## How do I choose a game to pick?

Tap the game then select the team to pick. The picked team highlights with a check mark next to it. The odds and lines appear justified under the pick.

## How do I change the odds or lines manually?

Tap the pick type to bring up a wheel below the date. Choose the line or odds from the list. Tap "Save Pick" to save the change and return to the pick screen.

# MY SPORTS PICKS FAQ

## How do I add more picks?

From the “My Picks” screen, tap the New Pick button at the bottom.

## How do I see past games?

Past games are under Reports by their date.

## How do I see a live scoreboard with the odds and lines?

Tap “Scoreboard” at the bottom of the screen. Scores update every 30 seconds. Be ready for your friends to bug you at the bar for the latest scores!

## How do I edit a pick after saving it?

You cannot edit saved picks. You can delete any pick during the active day or week by tapping “Edit” in the top-left corner or sliding your finger across a game then tapping Delete.

## How does My Sports Picks calculate “Career Earnings”?

This number is the same as Season Earnings unless have multiple years of My Sports Picks. With multiple years of picks, “Career Earnings” shows all the completed games across all the available years, sums the winning pick amounts and subtracts the losing pick amounts.
